

## **Editorial Notes**

We invite you to explore the latest edition of the Asian Health, Science and Technology Reports (AHSTR). This issue (Volume 32(4): October–December 2024) displays the journal's commitment to interdisciplinary and multidisciplinary research across Health Science and Science and Technology. Prepare to be captivated by a diverse array of articles, from Astronomical Research with "Revisiting the Period Change and Frequency Analysis of a Variable Star SZ Lyncis" to the area of Industrial Engineering with "Processed Seafood Sustainability Supply Chain Management Practices: A Comparison of Community Enterprises and SMEs."

AHSTR is a platform for researchers, boasting approvals from the Thai–Journal Citation Index: TCI Tier 1 and ASEAN Citation Index. We welcome your contributions to our community. Please feel free to:

- Explore our articles: Discover the novel research in Health Science, Science and Technology.
- Submit your research: Share your valuable insights with a global audience.
- Contact us: We are here to assist you with any questions or inquiries.

We look forward to your continued support and participation.
