

## Editorial Notes

Discover the latest edition of the Asian Health, Science and Technology Reports (AHSTR)., Volume 33(1): January–March 2025. The issue displays diverse interdisciplinary and multidisciplinary research across Health Science and Science and Technology. Highlights include studies on Engineering Materials with "Performance Evaluation of the Domestically Developed Powered Air Purify Respirator in Thailand" and the area of Agricultural and Food Technology with "The Effects of Using Pregelatinized Red Jasmine Rice Flour as a Substitute for Wheat Flour on the Quality of Sponge Cupcakes"

AHSTR is a platform for researchers, boasting approvals from the Thai–Journal Citation Index: TCI Tier 1 and ASEAN Citation Index. We welcome your contributions to our community. Please feel free to:

- Explore our articles: Discover the novel research in Health Science, Science and Technology.
- Submit your research: Share your valuable insights with a global audience.
- Contact us: We are here to assist you with any questions or inquiries.

We look forward to your continued support and participation.
