

## Editorial Notes

### New Release: AHSTR Vol. 34, Issue 1 (2026)

We are thrilled to unveil the latest edition of Asian Health, Science and Technology Reports (January –March 2026). This issue bridges the gap between biological sustainability and mathematical modeling, with featured studies such as:

- **Sustainable Agriculture:** An in-depth look at converting durian peel into high-quality ruminant feed through fermentation.
- **Industrial Transformation:** A new maturity assessment framework for Smart Logistics Parks.

As a **TCI Tier 1** and **ASEAN Citation Index (ACI)**-approved journal, AHSTR is committed to publishing high-quality, impactful research. We invite you to engage with our community.

Thank you for your continued support in advancing knowledge and innovation.
