Editorial Notes

New Release: *Asian Health, Science and Technology Reports* (Vol. 34, Issue 3, 2026)

We are delighted to present the July–September 2026 issue of *Asian Health, Science and Technology Reports* (AHSTR). This edition highlights innovative interdisciplinary research bridging critical gaps across diverse disciplines, including:

Mechanical Engineering & Applied Statistics: The Effect of Inlet and Outlet Pattern on a Parabolic Dome Solar Collector

Physical Therapy & Cognitive Neuroscience: Effect of Nine-Square Counting Dance on Physical and Cognitive Function in Older Adults with Mild Cognitive Impairment: A Randomized Controlled Trial

In line with our commitment to scientific excellence, AHSTR continues to serve as an open platform for transformative research. We welcome scholars, researchers, clinicians, and academic enthusiasts to read, share, and engage with this new collection.

Thank you for your ongoing partnership in pushing the boundaries of scientific discovery.
